

Danielle C. Levy

EXPERT PROBLEM SOLVER FOR CEOs

Co-Pilot for Service-based Business CEOs (so you're not stuck as the Chief Everything Officer)

I help female entrepreneurs solidify their business foundations and operationalize their core values so that they can make their greatest distinctive impact as the leader of their growing organization. You can't grow and scale when you're stuck in the details. You can't get away from the details until you've built both the right foundations and the right team to support your growth. That's where I come in. As your co-pilot, I help you discover where you need to strengthen your foundations, add your values to how you do business, and help guide you to getting the team in place so you work when you want... and enjoy the freedom the entrepreneurial life promised!

HOW I WORK WITH CLIENTS

I offer a variety of ways for clients to get support including:

- Quick injections of guidance and targeted help through **VIP Days**.
- My signature **360-Degree Business Operations System**, a step-by-step roadmap so you can break free from being stuck.
- As your **Dedicated Growth Co-Pilot** I tackle your business operations from all angles so you can increase your capacity to serve.

Plus I'm the founder of a revolutionary new way for entrepreneurs and business owners to get expert help through The Boardroom League. This is where I've brought together my network of business specialists so you don't waste time searching for the right help you need to grow and scale your business. With over a dozen amazing professionals who have worked with me with my own private clients, these are the individuals I trust and who I've called on again and again to get results!

Requested Speaker For Podcasts, Online Events, and Summits

I also love to share with business owners how they can be more effective in their business, grow and scale, and build the business of their dreams. These are some of the top topics I get asked about:

- How to have hard conversations with your team
- The best way to get the right people in the right seats in your business
- Why every business needs an In Case of Emergency (ICE) plan
- Stop working IN your business so you can grow faster
- The hidden key to business success (and why you aren't already doing it)
- Why operationalizing your values leads directly to sales
- Why skyscrapers aren't built with duct tape

Danielle was able to seamlessly capture our business need along with cultural fit resulting in us being able to grow our team with several significant hires this year. She kept me informed of the process and created a professional onboarding system and hiring documentation for future hires as we continue to grow. I look forward to working with Danielle as my team continues to grow.

– Mark Stern, CEO of The Custom Box Agency
